**Subject:** Our economy depends on the river

I want to make sure the river cleanup is good for the environment and protects our existing jobs as well.

Instead of creating a cleanup plan that will take decades and require billions of dollars, I sure hope the EPA will consider the impact it could have on the jobs on the river. We all want a clean river but the cleanup must also be a responsible one.

Please do what's right for the harbor workers and the families who depend on those jobs.

Sincerely,

(b) (6)
